

Hello {{ contact.VORNAME }}

Welcome to our first project newsletter. Nice to have you with us.

The results of the national elections show once again how important it is to **support movements (outside of politics)**: The environment and social topics cannot be forgotten!

## What has happened so far?

- From March to July 2023, we, Juli (he) & Miro (she), developed the **concept of MovingChange**, founded the association, created the website and laid the foundations for our collective.
- At the beginning of August 2023, we launched our MOVER campaign and hired the **filmmaker and activist Red (he) on a 20%** contract.
- Our free **video production has been well received** by movements: we have produced mobilisation videos for [Debt for Climate](#) (campaign for debt cancellation in the Global South), [Climate Strike](#) (mobilisation for climate demo) and [La Vague de la Révolte](#) (against the privatisation and commercialisation of water) and more are planned.

## What's next?

- We will produce **more videos** for movements from French- and German-speaking Switzerland.
- We are working on a **swisswide movement calendar**. This should provide an overview of meetings, demonstrations and actions in all parts of Switzerland.
- We are focusing on the further **financing of the collective**: On the one hand, we will intensify flyer campaigns; on the other hand, we will submit funding applications to foundations, organisations and associations.
- Because the demand for video productions is high, we would like to employ Red (our filmmaker) **on a 60% basis from January 2024**. To make this possible, Juli & Miro will work voluntarily for the collective until sufficient financial resources are available.

Current status:

# 39

**MOVERS support us monthly with CHF 1487**

You can find our funding status and a list of our expenses transparently on [our website](#) at any time.

## We are happy!

We have achieved a lot in the last six months. It has been exhausting, emotional and challenging, but also wonderful and enriching thanks to the active support we have received from so many people. **The MovingChange Collective is in place** - and we are confident that it will continue to grow and that we are one step closer to our goal of a more peaceful and just world.
